If you have a drawing skill, you can use the GIMP tools to create the pattern. If you don't, you can simply take an image area you think it's great to be used as a pattern and add it to the pattern you are working on. Once you are done creating the pattern, go to File -> Export As (Shift+Ctrl+E). On the appearing dialog box, set the file type to GIMP pattern (pat). Give your pattern a name and set the destination folder.

You can buy gimp at craft stores and art supply stores in dozens of colors, and it is very inexpensive. It's a great craft for kids, because it takes hand-eye coordination, and it's very easy to learn the basic plaits, knots and weaves. There are many variations and patterns, and the spiral pattern is one of the most popular.
