In the field of psychiatry and psychoanalysis, Sigmund Freud used the myth of Narcissus as the basis for the narcissistic personality disorder. The term narcissism stands for a person who is emotionally immature and is overly concerned with his appearance. A narcissist needs to feel admired, has a sense of entitlement, and extreme self-importance.

Narcissus – Greek Mythology - Symbol Sage

Eros, along with Gaea, was the child of Chaos in early Greek mythology. He represented the creative principle of attraction that brings beings together, establishes friendships and marriages, creates cities, and so on.

Hestia - Wikipedia

Many games use mythology from various cultures to help tell their story, but the classic Greek mythology is probably the most popular. Immortals: Fenyx Rising has especially deep roots, even competing with God of War. It's enriching to have a bit more knowledge on the subject they're based on and can be illuminating to the story.
